Chief Executive Officer

ABOUT THE ACADEMY

The Academy has been dedicated to teaching the highest professional standards of beauty therapy for over 44 years.

We have been an RTO, (Registered Training Organization) since 1999. The Academy offers a wide range of Beauty, Dermal and Laser courses.

The following courses are nationally recognised qualifications under the Australian Qualifications Framework (AQF) and have been developed as part of the SHB Hairdressing and Beauty Services Training Package:

- SHB50121 Diploma of Beauty Therapy,
- SHB40121 Certificate IV in Beauty Therapy
- SHB60221 Advanced Diploma of Skin Therapy
- SHB50216 Diploma of Salon Management

- AABT5022 Advanced Laser IPL and Dermal Therapies

The following course has been developed due to Industry Demand.

This is a non-accredited preparatory course providing the skills and knowledge to successfully complete SHB60221 Advanced Diploma of Skin Therapy and does not itself lead to a nationally recognised qualification.

Our highly qualified and experienced trainers, the most up-to-date equipment, and a curriculum based on the latest skin and body treatments from around the world, ensure you are completely competent and qualified in all aspects of beauty therapy.

We take a holistic approach to our training and treatments, specializing in Advanced Skin Diagnosis and Treatment Procedures that offer not only real solutions to skin problems, but also provide a health benefit by restoring harmony and balance in our clients' lives.

Our teaching focuses on professional skin treatments with a purpose (corrective skin treatments) rather than pampering facials. Skin health and treatments are also designed to release tension, relax and nurture the whole body and are an important part of our philosophy.

Over the past few years, the industry has significantly changed, and now dermal and laser treatments are provided by most salons. Our AABT5022 Advanced Laser IPL and Dermal Therapies preparatory course provides the essential skills and knowledge to ensure our students graduate with up-to-date industry skills that prepare them to successfully undertake SHB60221 Advanced Diploma of Skin Therapy

You DO NOT have to find your own work experience. In our clinic our students gain invaluable experience not only in beauty therapy, but also all aspects of salon management, laser and dermal therapies, (see section structured workplace Learning) all under the watchful eye of their trainer.

Small relaxed and friendly classes, competency-based assessments, beautiful modern facilities, the latest in equipment and teaching techniques, close to transport, strong work experience program ensures students have the latest, most up-to-date and relevant training possible.

Structured Workplace Learning

Attendance

Structured workplace learning is an essential and very important part of our training program as it prepares students to enter workplace situations confidently and professionally with a sound knowledge of what is required of them in a busy work environment.

Structured workplace learning provides Students with the opportunity to gain valuable experience performing treatments on clients, while also developing essential salon management skills, including appointment taking, work planning, money balancing and stock control.

Students are not paid on their structured work placement days, and it must be remembered that these days are part of their compulsory learning.

Students must remember at all times that work experience days are days when they are expected to behave as staff members.

SHB50121 Diploma of Beauty Therapy

Full-Time Day Students

The Diploma of Beauty Therapy program involves structured workplace learning in the student spa after 24 weeks of training which commences after the first 6 months. The Diploma of Beauty Therapy program involves 400 hours of structured workplace learning.

Evening Students

Evening students are required to attend structured workplace learning one day a week for 400 hours. This will be a Saturday and will start after the first 6 months.

Distance students

Distance students are required to begin structured workplace learning after the first workshop.

AABT5022 Advanced Laser IPL and Dermal Therapies

Students are required to complete 150 hours of structured workplace learning. If a student is doing both Diploma of Beauty and IPL together, the number of hours will be reduced to 100 hours for AABT5022 Advanced Laser IPL and Dermal Therapies and 400 hours for SHB50121 Diploma of Beauty Therapy (a total of 500 hours) as the units of one course are often duplicated in another. For example, infection control is in both courses.

SHB50216 Diploma of Salon Management

Practical hours are completed in the Student Spa in conjunction with the Diploma of Beauty Therapy.

Students are required to record all structured workplace learning tasks in their logbook.

ASSESSMENT

Assessment Procedures

As a Registered Training Organisation our training and assessment policies are developed to meet training package requirements and industry needs.

Your assessments must demonstrate that you can:

- perform the tasks
- handle unexpected issues
- work with others
- follow workplace policies, health and safety requirements, and legislation requirements at all times

The Academy's assessment strategies, including RPL, comply with the assessment requirements of SHB Hairdressing and Beauty Services training packages and are conducted in accordance with the Principles of assessment and Rules of Evidence.

Assessment criteria and their associated conditions are clearly stated in assessment plans and in the actual assessment information.

Trainers and assessors are required to discuss these with students prior to assessment. It is the trainer's and assessor's responsibility to ensure that all students are fully aware of the assessment requirements needed to achieve competency.

Discussions of specific assessment needs for candidates with a disability or any other special need are undertaken. Our assessment processes are undertaken with integrity to ensure that no candidate is disadvantaged.

All assessments are carried out by fully qualified Assessors and are designed to ensure that each candidate's performance is assessed against the competencies set out in the SHB Hairdressing and Beauty Services Training Package. Candidates are provided with full details of these competencies in the assessment plan in the Student Portal and must acknowledge that they have read and understand the assessment plan.

Assessments lead to the issuing of AQF qualifications and/or statements of attainment where the student is assessed as competent against nationally endorsed units of competency.

Variety of assessment strategies used

A variety of assessment strategies are used to cater for individual needs including:

- Practical Observation Assessment Tasks
- Underpinning Knowledge Assessment Tasks
- Research Assessment Tasks

ASSESSMENT

Assessment Procedures

Additional evidence

- Short quizzes to assess underpinning knowledge
- Observation of processes and procedures
- Role play and simulation
- On-the-job tasks where applicable
- Case studies
- Critical incidents
- Documents, portfolios, logbooks
- Third party reports
- Presentations

Students are advised exactly how each unit will be assessed; an assessment plan is available in the Student Portal and must be acknowledged before commencing any assessment.

In some cases, the assessment is holistic in that it may integrate a number of tasks that make up a competency. The candidate will be made aware of how this will be carried out. As far as possible, verbal feedback will be given immediately for practical assessment. Assessors will upload practical assessment feedback to the Student Portal within a week of the assessment.

Simulated practical tasks (role playing) may be required to demonstrate required skills that are not a common occurrence.

Assessment also takes into consideration some or all of the following foundation skills:

- Reading
- Oral communication
- Numeracy
- Technology
- Writing
- Problem solving
- Learning
- Initiative and enterprise skills
- Planning and organising skills
- Self-management skills

ASSESSMENT

Assessment Tools

Assessment Plan

The Assessment Plan provides detailed information on assessment for the relative unit and must be read and acknowledged by the candidate on the Student Portal.

Each unit of competency has several assessment methods which is outlined in the unit's assessment plan. All units will assess underpinning knowledge and practical skills. If unsure of anything, please ask your assessor.

Underpinning Knowledge and Research Assessment Tasks

Assessments **must be** submitted by the due date. If they are late, and you have not applied for an extension of time, you may receive a Not Yet Satisfactory for that assessment, and additional charges may apply to resit the assessment.

You must achieve 100% to be assessed as satisfactorily completing the assessment task. You are allowed 2 attempts to achieve 100%. If you do not achieve 100% after 2 attempts, your trainer will provide extra training in the areas required, and you will be then required to orally answer the questions. Your grade will then be adjusted accordingly.

Practical Observation Assessment Tasks

Assessors will complete one or more practical observation checklist assessments according to Training Package requirements. These checklists give detailed feedback on each aspect of the assessment. These are uploaded to the Student Portal.

Grading

You will be marked as Satisfactory (S) or Not Satisfactory (NS).

Resit policy

If a student is NS, extra training will be provided. The student is able to resit the assessment without extra cost.

Candidates with special needs

At the enrolment interview, the Director of Enrolments or a member of the senior management team ascertains if a candidate has any special needs for their training and/or assessment. The Academy will take appropriate action to assist the candidate with any special needs requirements. A candidate may at any time during the course require a reasonable adjustment to assessment procedures because of a special need [e.g. accident or injury]. This is discussed with the Director of Studies and appropriate action is taken. Records of requests and agreed action/s are recorded on the candidate's file.

Confirming all work is your own

All students declare on their submitted assignments the work is their own and secure usernames and passwords are only available to the student nominated.

ASSESSMENT

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is a process which assesses a student's current competencies regardless of how, when or where they were achieved.

The Academy has a RPL policy which is offered to all applicants. Information about RPL is available on the Academy's website, in marketing and advertising materials and in various handouts. Further details are also included in the Student Handbook.

The Academy recognises that competencies can be achieved in a number of ways through:

- General life experience;
- Any combination of the above

Forms of evidence towards recognition may include:

- Work records;
- Records of workplace training;
- Assessments of current skills;
- Assessments of current knowledge;
- Third party reports from current and previous supervisors or managers;
- Evidence of relevant unpaid or volunteer experience;
- Examples of work products;
- Observation by an assessor in the workplace;

- Submission of appropriate and authorised documentation which clearly indicates prior qualifications, work, projects and experience;
- Skills test observed by a qualified Assessor;
- Submission of work/job experience documents;
- Third party reports;
- Any other evidence considered appropriate

If you wish to apply for RPL, please discuss with the Director of Studies who will provide appropriate documentation to complete at enrolment.

ASSESSMENT

The overall process for applying for RPL is as follows:

- Applicant views pre-enrolment information on website and in prospectus
- Applicant contacts The Academy for guidance on how to proceed
- General RPL information is sent to applicant, together with an enrolment form and cost of RPL if applicable
- Applicant returns completed enrolment form to The Academy and makes payment if applicable
- Unit RPL assessment tool is sent to the applicant
- Applicant and assessor discuss and agree on the evidence the applicant will provide
- Applicant completes RPL assessment tool and evidence and submits to assessor
- Assessor reviews evidence, and may ask the applicant oral or written questions to ensure underpinning knowledge is current
- A skills test will be required to ensure practical skills are current and reflect accepted industry standards
- Assessor makes assessment decision and provides feedback to applicant
- If successful candidate issued with relevant qualifications RPL process recorded in student management system If student not successful assessor advises or additional training required
- RPL applications will attract a fee. A quote will be provided prior to the submission of an application which based on the assessment requirements to be undertaken.
- All decisions regarding Recognition of Prior Learning are fair, consistent, transparent and maintain the integrity of the training product.
- RPL results are documented, and all evidence is kept in both Moodle and Wisenet learner files.
- If the candidate is not satisfied with the Recognition of Prior Learning Application, they may appeal the outcome like any other assessment decision. Should it be required, the candidate should refer to the appeals section in this document.

ASSESSMENT

Credit Transfer

The Academy provides credit to students for units of competency (unless licensing or regulatory requirements prevent this) where these are evidenced by:

- a) AQF certification documentation issued by any other RTO or AQF authorised issuing organisation; or
- b) authenticated VET transcripts issued by the Learner Identifier Registrar

Credit Transfer Guidelines

The following guidelines are to be followed in relation to credit transfer:

- Any student is entitled to apply for credit transfer in a course or qualification in which they are currently enrolled.
- Students may not apply for credit transfer for units of competence or qualification which are not included in Australian Academy of Beauty Dermal and Laser scope of registration.
- Whilst students may apply for credit transfer at any time, they are encouraged to apply before commencing a course. This will reduce unnecessary training and guide the student down a more efficient path to competence.
- The student does not incur any fees for credit transfer and Australian Academy of Beauty Dermal and Laser does not receive any funding when credit transfer is granted.
- Credit transfer may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for credit transfer and applicants will be advised to seek recognition.

Credit transfer procedures

A student should advise the Academy at time of their enrolment if they have previously achieved one or more units of competency for the course of study they will enrol into. They will be required to provide an original AQF certification documentation issued by any other RTO or an authenticated VET transcript together with the application form for Credit transfer.

The Academy will take a photocopy of the student's documents for their records. Upon receipt, the Registrar will check for direct equivalence for the unit(s) which credit transfer is being applied.

The Director of Studies will advise the student if the unit/s meet the requirements for credit transfer.

The Director of Studies, in consultation with the student, will determine the course of action to be taken to cover gap in currency with the units / module's new requirements. The Academy will verify the authenticity of the submitted documentation by contacting the issuing RTO before granting credit. Upon authentication of AQF submitted documentation, a credit transfer will be recorded by the Registrar in the student management system.

Students who have completed their studies since 2015 may choose to activate the Academy's access to their results via the Unique Student Identifier (USI) portal.

ASSESSMENT

Missed Assessments

Missed Assessments

All candidates are required to submit theory assessments on time and attend all practical assessments on the scheduled date.

If you miss any assessments (including theory) a medical certificate from a legally qualified medical practitioner must be provided and you will be given extra time at no extra cost.

If you do not have a medical certificate or have not made a prior arrangement with the Director of Studies, there will be an additional cost of \$150 per assessment for re-assessment.

ASSESSMENT

Disputed Assessments

The Academy has an effective appeals procedure in relation to disputed assessments. This may vary slightly from the general complaints and appeals procedures according to the circumstances. Every candidate has the right to appeal an assessment result. All candidates are made aware of the appeals procedure through course material, the Student Handbook, Policies and Procedures Manual, in the orientation session and during student meetings.

The procedures are as follows:

- The candidate must submit a Disputed Assessment Report completing the details requested to formalise the dispute within 2 weeks of the assessment.
- This form is available from the Director of Studies, susan@aabt.com.au
- The student first discusses the disputed assessment with the trainer/ assessor who may decide to give the student another similar assessment at a time and place suitable to both the student and assessor. The assessor will decide on the result of the second assessment. If the assessment is successful, then it is recorded and dated on the Disputed Assessment Form.
- If the assessment is not successful, the assessor/trainer may indicate that further training is needed before another assessment is made. The decision is recorded. Arrangements can then be made for this training. If the student disagrees with this decision, then the student can request a meeting with the Director of Studies. Students may bring a third party to this meeting. If the student is under 18 years of age, The Academy will request a parent or guardian also attend.
- The Director of Studies will review the assessment evidence and may uphold the previous assessment or may request another assessment by a different assessor [may be an independent assessor external to The Academy] who is appropriately qualified. If this assessment is successful, then it is recorded and dated.
- If the student still disputes the assessment, the grievance procedures detailed in this handbook should be followed.

Every attempt is made to solve the dispute in-house and students are given every support to achieve the competency. All matters related to the dispute are recorded and retained on the student's file.

The Disputed Assessment Form is available on Moodle or from the Director of Studies.

ASSESSMENT

Student Access to Records

Student access to records

All students have access to their assessment records automatically within their own, secure Moodle online learner portal. Moodle can produce a report on assessment tasks completed for a particular unit and a course. As all our units of competency require many assessments over time, this report may be useful for students wishing to provide evidence of partial unit completion. It is provided to students on request.

Completion records are transferred to the Academy's student management system Wisenet from Moodle on completion of a unit. Records in Wisenet include all enrolment information, Training Agreements, VET Student Loan Applications, USI numbers, unit and course completion information. These will be made available upon request immediately to all students. If a student is unable to access their records, they can email Kirti@aabt.com.au for assistance.

Past students can obtain a replacement statement of attainment and or testamur. There is a small charge for this service, currently \$50 paid in advance.

All assessment records are kept on Moodle for at least 12 months then archived in the Moodle system.

All records of unit and course completion, enrolment documentation, USI numbers etc are kept in the student management system indefinitely but for a minimum of 30 years. Students may be able to access records through USI.gov.au.

Security and Integrity of records

All assessment records in Moodle can only be accessed by student with a unique username and password. Students are not to provide this information to another party. Trainers and administration personnel also have access to these records. Moodle records are housed on a secure site with regular backups. Wisenet records are only accessible by the Administration Manager and housed on a secure server site with regular backups.

All computers with access to Wisenet records require a username and password to access.

Strict privacy of records is maintained at all times. No third party is allowed to access a student's records without written approval of the student.

Obtaining Records Should the RTO Cease to Operate

Should the Academy cease to operate our activity data is transferred to ASQA and students will be able to obtain records from the regulator: [ASQA Student Records](#)

Records can also be obtained through USI.gov.au.

This policy will be updated as new information and directions from ASQA become available. Information regarding student's achievements may be required by government departments.

ASSESSMENT

Successful Course Completion

- Students must successfully complete the requirements of all prescribed units of study to obtain their certification in their enrolled course. This includes completing assessment tasks and attending class and clinic.
- Students are required to attend all classes, including practical clinic days, in order to satisfy requirements for each unit of study which makes up their course. Students not attending scheduled classes or clinics without approval of the Director of Studies in writing any more than 3 times for that unit of study, will not meet the requirements for that unit of study and a Not Yet Competent grade will be recorded. Additional fees must be paid to re-enrol in that unit. These additional fees are not covered under VET Student Loans.
- Students are also required to complete all assessment tasks in the time- frame provided. Students who do not submit theory assessments on the due date, without permission of the Director of Studies, will not meet the requirements for that unit of study and a Not Yet Competent grade will be recorded. All assessments must be completed with a final satisfactory result to achieve competency for each unit.
- Student must complete all required practical clinic hours.
- Students must pay all fees in full.
- Student must complete all assessments at least 5 days prior to graduation to allow assessors time to mark, and preparation of relevant testamurs.

ASSESSMENT

Issuance of AQF Qualifications

To ensure efficient issuance of AQF qualifications and an accurate and up-to-date register of awards the following procedures are carried out:

- All assessments are signed off and dated by the assessor as well as by the student. The student is informed of the result.
- The assessor makes a second check of the assessment record to ensure accuracy and to confirm the results. The Assessor signs and dates these results and recommends/not recommends the relevant award.
- The assessor submits these records to the Assistant Director of Studies who will perform a final check for accuracy and completeness prior to submitting to the administration manager for recording in Wisenet and printing of awards and certification documents. The administration manager performs a final check prior to printing the awards.
- All awards have a distinct registration number, and this is recorded in our Wisenet student management system and available indefinitely. Past and current students are advised in the student handbook how to access these records.
- The Academy only issues AQF certification documentation to a student whom it has assessed as meeting the requirements of the training product as specified in the relevant training package or VET accredited course. This is in accordance with AQF Qualifications Issuance Policy.
- A watermark or embossed seal to ensure its authenticity protects all documentation. All certification also includes RTO number, and NRT logo as per ASQA requirements.
- Certification is provided to students within 30 calendar days of being assessed providing all fees have been paid.

Students should be aware that a:

- Qualification is the result of a student achieving the units of competency for a qualification outcome as specified in an endorsed training package or an accredited course. A qualification is a formal certification that a student has achieved learning outcomes as described in the AQF. Technically within the AQF a qualification is comprised of a testamur and a record of results. A testamur is the actual official certification document that confirms that a qualification has been awarded to an individual.
- Statement of Attainment is issued when the student has achieved one or more units of competency as a result of completing a course which included units of competency only or where the student achieved one or more units of competency as part of an enrolment in a qualification-based course, but the student did not achieve all of the units of competency to receive the full qualification.

ASSESSMENT

Issuance of AQF Qualifications

- A student must hold a Unique Student Identifier number. We are not able to issue AQF certification documentation to a student unless we are in receipt of a verified Student Identifier for that student unless they are exempt under the Student Identifier Act 2014. Should an exemption apply, results will not be accessible through the Commonwealth or on any authenticated VET transcripts prepared by the registrar. Students obtain a USI number from USI.gov.au. Please contact nicole@aabt.com.au if you require assistance obtaining a USI number.
- Our student management system Wisenet has an inbuilt process to verify student USI numbers. Strict security arrangements are in place to ensure the USI number is never distributed to unauthorised persons and its access is closely restricted to only those in our organisation who are authorised to access the information. The administration Manager records USI numbers in Wisenet. Access is only available to this system through a unique username and password.
- AQF certification is only issued to the student, not a third party (e.g.: employer).
- Any replacement certificates incur a cost of \$50 per qualification.

ASSESSMENT

STUDENT SUPPORT

Identifying Learning Needs

Pre Enrolment

Each student is interviewed by the Director of Enrolments prior to course commencement to discuss the course generally and to question the student on their learning needs as well as on any factors the student may have that could affect progress through the course.

Students are required to nominate on the enrolment form any special needs or support services they may require, related to their undertaking of the course [e.g.: visual impairment, hearing problems etc] so that The Academy can make any necessary adjustments to the individual's training and assessment strategies and provide support as required.

It is very important to let The Academy know of anything that may hinder course progress so the appropriate help can be provided.

At interview, the Director of Enrolments will discuss with the student such matters as:

- Any previous courses attended that may relate to current course
- Current competencies related to the present course
- Current or past work experience that could be significant
- Any disabilities that need to be considered for the current course
- Language, literacy, numeracy and digital capability levels commensurate with the course/industry requirements
- Ascertaining, if possible, preferred learning styles or additional needs for the wellbeing of the student
- Any matters the student may wish to raise related to course participation and completion of course
- Information from any RPL or Credit Transfer applications already submitted by the student
- Provide advice on course suitability
- Any other matters the Director of Enrolments thinks relevant to the student's needs in relation to the chosen course.

The Director of Enrolments should then be in a position to assess any particular learning or special needs and provide and implement support services which may include, external support services. The Director of Studies and Trainers and Assessors are made aware of the student's needs which are recorded on the student's personal file.

STUDENT SUPPORT

Identifying Learning Needs

After Enrolment

In addition to the initial interview, prior to course commencement, monthly interviews take place with the student and their Trainer. An interview also takes place every 3 months with the Director of Studies. This is an opportunity for students to provide feedback on any aspect of the Academy's operation and in particular, any special or learning needs that have developed.

We foster an environment that is friendly and approachable, and VET Students feel safe to ask for help and guidance. All students have the CEO's personal phone number and can contact her at any time, including evenings and weekends for advice and support.

This provides the opportunity of identifying early on when a student's personal circumstances may negatively impact on their attendance and course progression.

In such cases, the Academy will be flexible and where reasonable, adapt practices to provide assistance to support the student at all times.

Individual Learning Plan

An Individual Learning Plan (ILP) is created when an individual student has specific needs, may require additional support and adjustments may need to be made to our usual processes and practices.

The ILP is reviewed with the student by class trainer and assessor monthly and by Director of Studies 3 monthly and each student can clearly see their strengths, weaknesses, goals, timeframes to achieve goals, and support that is being provided by The Academy.

Our support mechanisms include:

- support from a trainer
- reasonable one on one support from a trainer
- reasonable one on one support from our Director of eLearning
- Support from management or administration team
- Alternative payment plan support
- additional lesson participation free of charge, including access to online webinars
- flexible delivery options for unexpected situations affecting attendance
- extension of time for specific circumstance e.g. sickness or family emergencies
- English as a second language support - external referral
- Disability support if appropriate
- Welfare and guidance services referral
- Employment services - external referral
- additional support services listed under the Disability section

STUDENT SUPPORT

Identifying Learning Needs

Where specialist support services are recommended by Australian Academy of Beauty Dermal and Laser (such as Counselling Support for example), students are advised that these services may incur additional cost by the service provider that is separate from the services provided by Australian Academy of Beauty Dermal and Laser. Students should verify the cost of these services with the provider before proceeding with these specialist support services.

STUDENT SUPPORT

Language, Literacy and Numeracy Support

All prospective VET students including short course students are required to show they have the language literacy and numeracy and foundation skills to complete the course successfully.

The required skills are aligned to the Australian Core Skills Framework (ACSF). Students are assessed prior to completion of the enrolment process.

Students are required to have either:

- An AQTF Certificate IV qualification or higher or
- An HSC Certificate or equivalent or higher level of education or
- Learning resources group LLN Robot test ACSF 4 or
- Learning Resources group VET Student Loans approved LLN test (if accessing VET student Loans)

Students are allowed several practice tests (according to individual needs) to familiarise themselves with the test and type of questions.

Only one attempt is allowed at the official VSL approved test.

If after discussing with the prospective student that an accidental mistake has been made and the prospective student can correctly answer the question verbally, a second attempt may be allowed.

Students may have to wait 3 months before attempting again.

The results of the LLN assessment enables us to provide advice about the appropriateness of the training product to meet a student's needs prior to enrolment.

Should a prospective student not have the required skills and competencies to successfully participate in a training product, we would advise the student of the suitability of the training product for them.

We will also be able to make suggestions regarding relevant applicable support services which include:

- Trainer support
- Reasonable one on one support
- Reasonable specialised one on one support with our Director of eLearning
- Specialised external support as listed on our welfare support services page

STUDENT SUPPORT

Digital Capabilities

Digital Capability Requirements and Support

All learners are expected to have basic computer skills.

Digital capability is assessed prior to course commencement, on their digital skills which are aligned to the Australian Core Skills Framework (ACSF).

We use Learning Resources Group Digital Robot to assess digital skills.

Internal support will be provided to learners if applicable and, where required, referral to external support services will be made to enable the learner to complete the course successfully.

The results of the LLN and digital skills assessment enables us to provide advice about the appropriateness of the training product to meet a student's needs prior to enrolment.

Should a prospective student not have the required skills and competencies to successfully participate in a training product, we would advise the student of the suitability of the training product for them.

We will also be able to make suggestions regarding relevant applicable support services which include:

- Trainer support
- Reasonable one on one support
- Reasonable specialised one on one support with our Director of eLearning
- Specialised external support as listed on our welfare support services page

STUDENT SUPPORT

Diversity and Inclusion

The Australian Academy of Beauty Dermal and Laser fosters a safe and inclusive environment for all students.

We endeavour to eliminate racism, discrimination, bullying and harassment from the learning environment.

We ensure our recruitment policies, policies on racism, discrimination, bullying and harassment and wellbeing and support services are accessible and inclusive for everyone.

This applies to various groups, such as young people, individuals from culturally and linguistically diverse backgrounds, people of different genders, those from diverse socio-economic situations, neurodivergent individuals, and members of the LGBTIQ+ community.

We respect and acknowledge the unique cultural identities, values, and practices of First Nations people, and strive to create an environment where they feel understood, respected, and valued.

We ensure that our environment, training, and assessment processes are culturally safe for First Nations people.

We support First Nations individuals in enrolling, participating in, and completing our training programs.

We ensure that they have equal access and outcomes to non-Indigenous Australians.

The Academy actively addresses unconscious bias, racism, and discrimination while promoting self-determination for First Nations people.

We show respect to our First Nation students by beginning each new class with "Acknowledgement of Country."

Staff Professional Development

All staff have completed substantial compulsory professional development through the SBS Inclusion Program, a 12-month course that includes:

- Support for First Nation people
- Support for LGBTIQ+ people
- Support for people with a disability
- Gender equity
- Cultural diversity

STUDENT SUPPORT

Diversity and Inclusion

Fostering an inclusive environment

Learner wellbeing and support for the diversity of VET students is at the heart of our business.

We foster an inclusive training environment for diverse learners by:

- Ensuring our Code of Practice clearly states these policies.
- Ensuring all Trainers and Assessors participate in structured professional development on diversity and inclusion.
- Provide regular support to learners as necessary and from the results of regular feedback and interviews throughout the year.
- Support the delivery of culturally safe training and assessment for Aboriginal and Torres Strait Islander people, giving special consideration to their recruitment, participation and completion.
- Stress at orientation our culture of an inclusive environment, where harassment and discrimination are not tolerated.
- We manage risks to learner safety by ensuring all prospective VET students understand our policies prior to completing the enrolment process.
- All prospective VET Students are asked to confirm on the enrolment paperwork they understand and will adhere to our policies and procedures regarding diversity, inclusion, bullying, harassment and racial discrimination.
- Throughout the course, any matters related to harassment, discrimination, or bullying are addressed immediately. Perpetrators may be asked to leave the Academy if such behaviour continues.
- Please also read our Policies on Discrimination and Bullying and Harassment later in this Student Handbook.

STUDENT SUPPORT

Disability Support

Disability Policy

The Academy acknowledges the rights of people with disabilities including those with HIV and accepts its responsibility for the development of their independence in the wider community through full and equitable participation in our courses either as an employee or student wherever possible.

We foster a culture where students from all backgrounds and abilities are encouraged and supported to participate in training and assessment.

It is important that all VET Students feel safe and valued.

Reasonable adjustments are made to support VET students with disability to access and participate in training and assessment on an equal basis.

This applies to employees as well as students.

Pre-enrolment

We encourage prospective VET students to share information regarding any disability during our pre-enrolment interview and regular interviews throughout the course.

This then enables us to make reasonable adjustments if applicable in a timely manner and provide the relevant support to help them successfully complete their training.

Our policies reflect the National Disability Law 1992, the Disability Standards for Education 2005, and the Disability Discrimination act 1992 to support students with a disability.

Ongoing support

We also receive regular feedback from VET students, and they are encouraged to request any additional adjustments they may need at any time.

We may need to also consult with appropriate stakeholders e.g. parents, partners etc, to understand a student's individual need and collaboratively identify potential adjustments.

We also ask on each assessment tool if the learner needs any adjustment.

Throughout our Student Handbook, we explain a learner's rights regarding access and equity and disability support.

STUDENT SUPPORT

Disability Support

Reasonable adjustment

The types of disability we can support and provide reasonable adjustment for, while ensuring the safety of all concerned, are:

- Eyesight issues - needing to sit closer to the front of the classroom
- Hearing issues - needing to repeat, talk louder, provide the learner with a recording of lessons for review at home
- Short-term physical disabilities - by delaying practical tuition or assessment
- Dyslexia - Trainer asking assessment questions orally

The types of support and adjustments that can be provided are very individual, but some are listed below:

- Course material in larger format
- Use of laptop for assessments (available for everyone)
- Sitting close to the front of the classroom for eyesight issues
- Extra time to complete assessments
- Providing additional homework support
- Ergonomic chair
- Assistance with technology
- Flexible assessments, e.g. oral rather than written
- Additional trainer support
- Providing additional break periods
- Opportunity to participate in distance learning online classes in addition to face-to-face

Limitation to Disability Policy

At all times we will support VET students with disabilities to access and participate in training and assessment as long as it is safe for them, their clients and other VET students.

Please note however, because of WHS requirements and job role expectations, beauty therapy may be impractical for some types of disabilities.

The welfare of others may be at stake which demands complete fine and gross motor skills and full use of all senses as a base requirement.

STUDENT SUPPORT

Disability Support

Beauty Therapy tasks involve standing for many treatments.

If reasonable adjustments were not possible, we would advise the prospective learner tactfully, why it was impractical to enrol in the course.

It is also important to ensure that no one harasses or victimises a learner or staff member with a disability.

Staff all participate in professional development throughout the year on ways to support students with disabilities.

STUDENT SUPPORT

Welfare - Students Under 18 Years of Age

Managing safety and wellbeing of VET students aged under 18

The principles of child-safe organisations in Australia are designed to ensure the safety and wellbeing of children and young people within organisations. These principles are guided by the National Principles for Child Safe Organisations, which provide a framework for creating child-safe environments.

RTOs that enrol young people are expected to apply the 10 National Principles for Child Safe Organisations:

- Child safety and wellbeing is embedded in organisational leadership, governance and culture.
- Children and young people are informed about their rights, participate in decisions affecting them and are taken seriously.
- Families and communities are informed and involved in promoting child safety and wellbeing.
- Equity is upheld and diverse needs respected in policy and practice.
- People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice.
- Processes to respond to complaints and concerns are child focused.
- Staff and volunteers are equipped with the knowledge, skills and awareness to keep children and young people safe through ongoing education and training.
- Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.
- Implementation of the national child safe principles is regularly reviewed and improved.
- Policies and procedures document how the organisation is safe for children and young people.

In addition, we also ensure the safety of children and young people, and other vulnerable cohorts by ensuring:

- All Academy staff have current working with children checks.
- Parents or guardians are required to read, understand, and sign enrolment forms, final interview forms and VSL application forms for anyone under 18 years of age.
- Parents and guardians are to sign the final interview checklist specifically giving permission for treatments such as spray tanning.
- Parents and guardians have to sign on final interview form they agree to students under 18 years of age performing treatments on men. (if they are not happy with this, we accommodate this).
- Should a staff member or trainer have concerns about the safety, welfare and wellbeing of students protected under the Child Protection (Working with Children Act 2012) The Director of Studies and the CEO would immediately be advised, and this would be reported to the NSW Department of Family and Community Services and Justice in accordance with legislative requirements. Telephone 133627. www.keepthemsafe.nsw.gov.au
- All Trainers and Assessors must take part in professional development throughout the year on the possible risks to under 18's and principles of child safe organisations, including mandatory reporting requirements.

STUDENT SUPPORT

Wellbeing and Support Services

Wellbeing and Support Services

Wellbeing and support services are available for all students, and students are encouraged to seek the help of the Director of Studies should the need arise.

Trainers and Director of Studies have regular one on one meetings with students which provides a means of identifying wellbeing needs of individual students.

We foster an environment that is friendly, and approachable and VET Students feel safe to ask for help and guidance.

All students have the CEO's personal mobile and can contact her at any time including evenings and weekends for advice and support.

Early notification provides the opportunity to identify, at an early stage, when a student's personal circumstances may negatively affect their attendance or course progression.

We can then put strategies in place to uphold student wellbeing, enhance student's engagement and satisfaction, support progression and completion and create a safe environment.

The Director of Studies has access to a wide range of specialised services that may be needed by students such as health services, pensions and benefits, pregnancy information, sexual assault help, crisis services, financial support services, and professional counselling services.

VET students also have access to our resources in the Student Handbook.

All staff engage in regular professional development, regarding various support needs for students and have a wide range of resources for students when required.

The following pages detail most common support services, but if the support you require is not listed here, please ask your trainer who will help you access required support.

Counselling

If a student has an issue of a personal nature, they may consult their Trainer or the Director of Studies. It is normally a very informal process, and a trainer will always make time for students.

If for any reason a student is unable to see their trainer quickly the following steps will apply:

- Consult with the any relevant staff member
- Relevant personnel will meet with student will discuss the issue
- The Trainer, Director of Studies and student will decide on the best course of action i.e. solution plan or referral to a more specialist professional.
- All counselling/private information will remain confidential at all times.
- Any notes, records and referrals made during discussions with the Director of Studies will be dealt with in accordance with the General Privacy Statement set out in this handbook.

COURSE PROGRESS

Satisfactory Course Progress - Assessments

All students are required to make satisfactory course progress.

- Satisfactory course progress includes being assessed as competent in the progressive assessment tasks for each unit.

This involves:

1. Completing assessments on each unit by due date and completing the assessment correctly
 2. Completing all relevant classroom assessments
 3. Being assessed as competent in final practical assessment
- If an assessment is not completed by the due date, a student will be advised they are not making satisfactory course progress for that unit of study, and stress the importance of completing assessments on time.
 - If this happens a second time, the student will be asked to attend The Academy for a discussion on their course progress and to see if there are genuine reasons why an extension of time should be given at no additional cost.
 - If, after this counselling, a student still does not complete their assessment, they will be notified they will receive a Not Yet Competent for the unit and pay the \$150 reassessment fee.
 - If a student is not yet competent after the above steps, they will need to re-enrol in the applicable unit of study at an additional cost, according to the applicable unit.
 - If a student has prior approval from the Director of Studies to reschedule an assessment (available for genuine and compassionate circumstances), the student will be offered an extension of time to complete the assessment.
 - If a student is having difficulty keeping up with their learning and assessment activities, they are requested to discuss this with the Director of Studies who will organise support to ensure they every opportunity to complete their studies
 - Genuine compassionate circumstances include sickness supported by a medical certificate (including that of a family member, being a victim of crime or domestic violence, or family death.
 - The student is able to access The Academy's complaints and appeals processes.

COURSE PROGRESS

Satisfactory Course Progress - Attendance

Students must be on time for all lessons and all class or clinic days

1. All students are expected to arrive at The Academy 15 minutes before lessons begin. If a student expects to be late, the trainer must be notified by 8.30am.
2. Lessons will commence at 9.00am sharp and in fairness to other students will not be delayed.
3. If a student needs to leave for any reason during the day, the trainer must be notified for safety and well-being reasons.
4. As clinic days are to prepare you for expectations in the workforce, all students must arrive 15 minutes prior to commencement.
5. All students must sign in each day and sign out when they leave electronically. This is your only proof of attendance to fulfil course requirements.

Procedure to follow if unable to attend class or clinic

The student must:

1. Notify the Trainer of their intended absence by 8.30am.
2. Speak to the trainer, never text or get another student to pass on a message.
3. Notify the trainer as early as possible, possibly the evening before, if it is a clinic day.
4. Obtain a medical certificate should they, or a family member they are caring for be unwell. The student must contact their trainer in writing to advise them of the situation and to also provide a copy of a medical certificate. A makeup day will be organised.
5. Advise their Trainer in writing if they have a scheduled holiday which falls on their clinic or class days, so that additional classes can be scheduled.

These are the only exceptions to mandatory days of attendance.

All students who are genuinely sick and this is supported by a medical certificate or have applied for leave in writing and it is accepted by Director of studies will not be charged for makeup days.

If students simply do not turn up, they will not satisfy the course requirements for attendance.

Making up a missed day where notice has not been given, will incur an extra charge of \$150 per day.

These additional charges are required for trainer and assessor additional administration.

These charges are required to be paid in full before your qualifications are issued.

NOTE: All missed days must be made up the following week by attending classes outside your normal hours. All clinic and class days are mandatory.

COURSE PROGRESS

Satisfactory Course Progress - Attendance

All attendance is strictly monitored

- Students are required to scan their student card on arriving. This attendance program clearly shows the code and name of the unit being studied that day.
- All students are required to attend 90% of the scheduled tuition hours and clinic practical hours for each unit of study and for the course as a whole.
- Attendance is monitored daily by individual trainers and management and recorded in an attendance register.
- Should a student not be able to attend their scheduled day, trainer must be notified on the day.
- The only reasons for non-attendance are:
 - Sickness - medical certificate required
 - Extension of time form emailed to Director of Studies
 - Permission given in writing by Director of Studies
- Students that do one of the above will be able to schedule make up classes at no extra cost.
- Should a student not attend a class or clinic day and have not advised their trainer and organised a makeup day, the student will be required to pay \$150 to make the day up outside the normal schedule for this lesson. This must be paid before final certification.
- Should a student not attend for 2 or more weeks without approval in writing from Director of Studies, the student will be notified that they are not satisfying course attendance for that particular unit, and risk not completing that unit.
- If the student's attendance does not improve, they will be asked to attend a meeting to discuss attendance requirements in line with AABT's attendance policies and to determine whether there are genuine reasons for granting an extension of time at no additional cost.
- If the student continues to not fulfil attendance requirements, and the Academy has not approved an extension of time, a letter is sent to the student called "Non-attendance warning letter".
- If, after the issuance of the Non-attendance Warning Letter, the student continues to not fulfil attendance requirements and does not make contact with The Academy, another letter is sent to the student called "Intention to Cancel Enrolment".
- If after 28 days, there is still no communication or attendance, the enrolment is cancelled, and student is emailed letter called "Cancellation of Enrolment letter".

COURSE PROGRESS

Extension of Time

For the purposes of this policy, the term Extension of Time refers to additional time granted to a student who has already commenced their course and requires more time to complete it due to compassionate grounds or medical reasons.

3. Any request for an extension beyond the period permitted will be at the discretion of the Director of Studies.
4. All requests for an extension of time must be approved by the Director of Studies in writing.
5. Should a student be granted an extension of time to reduce their study load for a period of time they must nominate on the extension of time form when they will return to a full study load. This will be organised in conjunction with the Assistant Director of Studies at a level that is manageable for the extension of time period
6. Only one extension of time will be granted per course.
7. All students who have requested an extension of time must keep engaged in the course. This may include online work, webinars, class or clinic engagement.
8. In the event that no communication is received from a student who has extended their course, an email will be sent to the student seeking instructions as to their intentions to continue with their course.
9. Failure to respond to this communication within one month will result in an email being sent called "Failure to keep engaged in course of study during extension of time".
10. If the student is not responding to emails, phone calls or texts nor keeping active on Moodle the student will be sent an email called Intention to Cancel Course.
11. If there is no response to this email, another email called Cancellation of Enrolment is sent to the student's last advised email address on file. This may result in the student's enrolment being cancelled.
12. In the event a student does not apply for an extension of time in writing, deferral or to withdraw and he/she does not attend class and has no contact for a period of one (1) month with no written notice, it will be considered that his/her enrolment has been abandoned and enrolment maybe cancelled.
13. If census date has passed and the student has not withdrawn, a VET Student Loan debt for the applicable unit of study will incur.
14. Should a student wish to re-enrol after abandoning their course, full cost of course is payable.

Course Deferral

This policy extends to all students

For the purposes of this policy, the term Deferral is used to describe a student who has been offered a place in the course that does not intend to take up the offer on the date specified. This may be due to compassionate grounds or medical reasons.

2. Students who have been offered a place in a course but who have not yet commenced are permitted to defer the commencement of their enrolment for a maximum of one year.

4. Approval of a request for a deferral beyond the period permitted will be at the discretion of the Director of Studies.
5. All requests for a deferral must be approved by the Director of Studies in writing.
6. Where a student has been granted a deferral, it is imperative that the student notifies The Academy as to when they intend to take up the offer or return to their studies at least one (1) month prior to the scheduled commencement date. This notification must be in writing.
7. Only one deferral will be granted per course.
8. In the event that no communication is received from a student who has deferred their course commencement one (1) month prior to the next scheduled course commencement date for the course, an email will be sent to the student seeking instructions as to their intentions to continue with their course.

Failure to respond to this letter within one (1) month will result in the student's enrolment being cancelled and a discontinuation email will be sent to the student's last advised email address on file.

9. When a Deferral form is submitted to the Director of Studies, a progression form will be activated, and the Student must check "Deferred" on this form.

On your return to studies, another progression form will be activated, and you check "continuing".

9. Consumer Protection and Guarantee

If Australian Academy of Beauty Dermal and Laser cancels or ceases to provide planned training, Australian Academy of Beauty Dermal and Laser must issue a full refund for any services not yet provided.

The basis for determining “services not yet provided” is to be based on the units of competency completed by the student and which can be issued in a statement of attainment at the time the service is ceased.

As an example: A student enrolled in a course of 2 units of competency and paid \$600.00 up front as the total course fee.

The course was cancelled due to the trainer falling ill and the student at that time had completed 1 of the 2 units. The student’s enrolment would be finalised, and the student would receive a Statement of Attainment for the 1 completed units. The student would also receive a refund of \$300.00 which represents that value of the training not delivered.

Students’ undertaking a vocational education and training course are protected under Australian Consumer Law and under State and Territory consumer protection laws. These protections include areas such as unfair contract terms, the consumer guarantees, to statutory a cooling-off period, and unscrupulous sales practices. More information about consumer rights can be accessed from the Australian Consumer Law website which includes a range of helpful guides relating to specific areas of protection.

Please visit the following site for more information: [Australian Consumer Law](#). Students who are unhappy with Australian Academy of Beauty Dermal and Laser arrangements for the collection and refunding of tuition fees are entitled to lodge a complaint. COURSE PROGRESS

Abandoning Studies

If you are not responding to emails, phone calls and letters within a month of them being sent we will assume you have abandoned your studies.

Initially you will be sent an attendance warning letter, reminding you of your attendance obligations and the debts you have incurred.

A month after that letter if there is still no response, you will be sent an "Intention to cancel letter" as you are not fulfilling the attendance requirements for the course.

This letter also details your VET Student Loan debt.

If we do not hear from you within a month of the intention to cancel letter being sent, you will receive a "Course cancellation letter," again detailing any VET Student Loan debt you have accumulated.

We will always work with you to try and find a way for you to continue your studies due to extenuating circumstances. This may include changing mode of delivery, e.g. day classes to evening, changing to online delivery for a short period of time etc, but you must be in touch and show you are committed to your studies.

If you do not come to class or do not complete your underpinning knowledge assessments it is not The Academy's role to find out why. You are responsible for your education and Vet Student Loan debt.

You must contact us for a withdrawal or extension of time for extenuating circumstances, or you will still be eligible for your VET Student Loan debt.

The Withdrawal form is located on Moodle and the Academy website aabt.com.au.

Students have an obligation to work independently and apply scholarly academic conventions in assessments and other forms of assessment tasks. Teaching staff have an obligation to educate their students in studying ethically and understanding the policies that govern academic integrity.

Any form of cheating, plagiarism or collusion, or other forms of dishonesty, devalues the quality of student learning and undermines the academic standards of the academy.

There are serious consequences for students who do not act honestly and with integrity during their studies.

5. Current best practice will inform the regular review of this policy and related procedures.

Academic Misconduct

Academic misconduct takes place when students act dishonestly in an assessment task or assessment in order to gain an unfair advantage for themselves or other students.

Acts of academic misconduct are considered to be misconduct as defined under our conduct policy.

Examples of academic misconduct include:

Plagiarism

Plagiarism occurs when a student submits work for assessment which includes the words or ideas of others without appropriate attribution or reference to the original author.

Students must make themselves aware of acceptable referencing practices as plagiarism is considered a serious breach of academic integrity principles.

Some examples of plagiarism are:

- direct copying of sentences, paragraphs or other extracts from someone else's work without appropriate acknowledgement. Such work includes published or unpublished documents, designs, sounds, images, photographs and films, data and computer code;
- paraphrasing someone else's work without acknowledgement by way of reference to the original work; and
- using facts, information and ideas directly derived from an identifiable source without acknowledging the source.

DISCIPLINARY PROCEDURES

Academic Integrity Policy

Cheating in assessments

Cheating in an assessment includes any action or attempted action designed to gain an unfair or dishonest academic advantage. For example, cheating occurs when students:

- have access to unauthorised material during the assessment;
- sit an assessment on behalf of another student or permit another student to sit an assessment on their behalf;
- read, copy from or otherwise use another student's work, or knowingly allow another student to read, copy or otherwise use their work in an assessment;
- assist any other student in completing their assessment, either directly or indirectly;
- accept assistance from any person during an assessment other than authorised staff; and
- inappropriately obtain prior knowledge of an exam's contents and/or expected answers.

The Academy's Assessment Procedures includes information about the conduct expected of students in assessments.

Collusion

Collusion occurs when there is unauthorised collaboration in the preparation and production of work for assessment which is presented as a student's own individual effort. Collusion includes:

- accepting inappropriate assistance in the production of an assessment task;
- submitting work, which is the same, or substantially the same, as another student's piece of work for the same assessment task.

The student does not have to have remunerated the third-party for ghost writing to have occurred.

DISCIPLINARY PROCEDURES

Academic Integrity Policy

Use of Artificial Intelligence (AI)

Australian Academy of Beauty Dermal and Laser employ a range of strategies and software solutions to monitor the use of artificial intelligence content in assessment submissions made by students. This is a normal part of our assessment quality control. The following are guidelines on the **unacceptable use of artificial intelligence** content:

- **Direct Generation of Assessment Responses.** Using AI to generate complete or partial answers for assessments, such as:
 - Having AI write workplace documentation like risk assessments or incident reports
 - Using AI to complete practical task descriptions or work procedures
 - Submitting AI-generated responses for knowledge questions
 - Using AI to create workplace portfolios or evidence collections
- **Bypassing Skill Development.** Using AI in ways that prevent learning essential vocational skills such as:
 - Having AI solve workplace calculations instead of developing mathematical competency
 - Using AI to create technical drawings or designs without learning the underlying principles
 - Relying on AI for measurements or specifications instead of developing measurement skills
 - Having AI interpret technical manuals or workplace documents without developing comprehension skills
- **Professional Communication Tasks.** Using AI to complete communication tasks that demonstrate professional competency, such as:
 - Having AI write client communications or workplace emails
 - Using AI to generate workplace reports
 - Submitting AI-generated meeting minutes or briefing notes
 - Using AI to create workplace presentations or training materials
- **Evidence Collection.** Using AI to fabricate or manipulate evidence of competency, such as:
 - Creating artificial workplace scenarios or examples
 - Generating fictional workplace experiences or observations
 - Producing simulated workplace documentation
 - Creating artificial supervisor feedback or third-party reports
- **Practical Skills Documentation.** Using AI to document practical skills without performing them, such as:
 - Writing up practical task procedures without completing them
 - Generating safety check documentation without performing checks
 - Creating maintenance logs without conducting maintenance
 - Documenting customer service interactions that did not occur

DISCIPLINARY PROCEDURES

Academic Integrity Policy

- **Group Work and Collaboration.** Using AI to bypass genuine workplace collaboration:
 - Having AI generate team contributions
 - Using AI to complete assigned portions of group tasks
 - Creating artificial peer feedback or evaluations
 - Generating team meeting outcomes without participation

The unacceptable use of artificial intelligence content is considered a form of plagiarism and students found to be breaching this policy will be held accountable.

Action will be taken in accordance with the plagiarism policy outlined above. Where there may be acceptable uses of artificial intelligence content, this will be specifically identified to each student within the assessment instructions of the task.

Other Forms of Academic Misconduct

There are many ways in which a student might attempt to deliberately gain an unfair advantage by dishonest means. Some examples are:

- submitting fabricated or falsified data as if they were genuine;
- inventing references, quotes or sources;
- submitting the same, or substantially the same piece of work for assessment in one or more different subjects; and
- falsely indicating attendance at an activity when attendance is an assessment requirement.

Responsibilities of students and staff

In general, a student must maintain the highest standards of honesty in all aspects of their scholarly endeavours in order to preserve the value and quality of their learning. They must not submit another person's work as their own, or submit work created with the assistance of others unless collaborative work is expressly allowed. All students must learn and observe the accepted academic referencing and other academic requirements of their field/s of study.

Staff who assess students' work have a responsibility to educate students in appropriate referencing techniques and clearly explain what constitutes plagiarism, collusion and other forms of cheating.

Allegations and penalties for academic misconduct

All allegations of academic misconduct will be investigated by the Director of Studies or delegate, and if substantiated will result in the provision of academic counselling and may result in penalties appropriate to the case. In a case where the conduct of the student prejudices the interests of other students or the integrity of the assessment scheme itself, the conduct will be referred for action under our conduct policy.

DISCIPLINARY PROCEDURES

Academic Integrity Policy

The following will be considered when determining the seriousness of an act of academic misconduct:

- type of academic misconduct;
- extent of academic misconduct;
- experience of the student;
- prior offenses, if any (this will include prior offenses in other courses at the Academy); and
- student's stage or level in the course.

An academic misconduct may be deemed minor or significant:

1. Significant - based on available evidence, an academic misconduct is deemed significant if it:
 - is or appears to be deliberately planned, and/or
 - is or appears to be substantial in scale or scope.
2. Minor - based on available evidence, any academic misconduct that is not deemed significant will be deemed minor.

Initial and Minor Academic Misconduct

A first-time substantiated breach of this policy that is deemed minor will be recorded on the student's file and will result in the provision of academic counselling to ensure the process is an educative one for the student.

If deemed appropriate given the factors listed in this section, a penalty may also apply.

This may be:

- a downgrade in the mark or an Unsatisfactory outcome for the relevant assessment item or task. The degree of academic misconduct should be considered when applying the penalty for initial breach of this policy. Any mark awarded will be based on the content of the submitted work that has not been part of the academic misconduct; or
- the student undertaking an alternative assessment task where the opportunity to plagiarise has been removed (e.g. an oral or invigilated individual assessment). In describing the outcome of a substantiated case of academic misconduct, the student will be provided with notification that a subsequent finding of academic misconduct, regardless of severity, may result in a Not Yet Competent result of the relevant subject, suspension or exclusion.

DISCIPLINARY PROCEDURES

Academic Integrity Policy

Initial and Significant Academic Misconduct

A first-time substantiated breach of this policy that is assessed as significant will be recorded on the student's file and will result in the provision of academic counselling to ensure the process is an educative one for the student.

Given the significant nature of the breach, a penalty will also apply. One or more of the following penalties may be imposed:

- student to undertake an alternative assessment task where the opportunity to plagiarise has been removed (e.g. an oral or invigilated individual assessment);

Social Media Bullying

Bullying is any behaviour towards another that is offensive, abusive, belittling, intimidating or threatening - regardless of whether this is face to face, indirectly, or via social media.

Cyber bullying is a form of harassment carried out through an internet service such as an email, a public or private chat group, instant messaging and public posts through web pages like Facebook and multimedia apps such as Instagram and Snapchat.

The Academy believes every person within its community has the right to participate in an environment that is safe and healthy, and to be treated with respect, dignity and fairness. The Academy expects those who are part of its community, when using social media, show courtesy and respect to others. It should not be used to abuse others, expose them to offensive or inappropriate content or to disrespect the Academy or members of its community.

To this end, the Academy has developed the following policy to provide direction for employees and students when participating in social media activities.

DISCIPLINARY PROCEDURES

Bullying and Harassment

Social Media Use

When using social media, students are expected to:

- Demonstrate appropriate personal and professional behaviour
- Consider whether what is posted reflects on your professional and personal character, and how it could affect the welfare of others
- Ensure your online behaviour reflects the same standards of honesty, respect and consideration that a person uses when communicating face-to-face
- Respect the rights, privacy and confidentiality of others
- Ensure all content published online is accurate and not misleading
- Not post material that is offensive, obscene, defamatory, threatening, harassing, bullying, discriminatory, hateful, violent, racist, sexist, homophobic, pornographic, infringes copyright or is otherwise unlawful, or may cause damage to the Academy's reputation or bring it into disrepute
- The possession or publishing of inappropriate photos containing underaged students carries a criminal charge as outlined by federal law.
- Students must not take photos of students or staff on our premises, post photos or mention students or staff to social media without permission

Even with privacy settings, what a person says online should be in keeping with the expectations outlined above. A private conversation may still end up being shared into a more public domain. As such, a person is always responsible for what they post as students of the Academy regardless of circumstances of intention.

Any breach of this policy will be considered as serious. All reports of cyberbullying and other technology misuses will be investigated and may result in a notification to Police depending on the severity of the incident.

Step 1: Tell the Person

- Clearly say “Stop” or state that the behaviour is unwelcome and must not continue.
- Sometimes, people may not realise their behaviour is offensive.

Step 2: Seek Support

6. Considerations

- Because of the personal nature of beauty therapy, there may be times body areas may become exposed, for example a towel slipping during a body massage. This is not sexual harassment, and a trainer will explain this can occur and the importance of the therapist adjusting the towel throughout treatment for client modesty.
- It is important however to ensure both male and female clients always keep their underwear (pants) on during treatment.
- Irrespective your welfare is our main priority, and you will never have to treat a client that makes you feel uncomfortable.
- While accidents can occur in practical training, The Academy treats all reports seriously and ensures respectful, professional standards are upheld at all times.

1. Overview

Australian Academy of Beauty Dermal and Laser Pty Ltd is committed to providing an effective, efficient, timely, fair and confidential grievance handling procedure for all Students. This policy covers both academic and non-academic grievances and appeals.

Academic matters include those matters which relate to student progress, assessment, course content or awards for a course.

Non-academic matters include those matters which do not relate to student progress, assessment, course content or awards for a course and include grievances in relation to personal information that the provider holds in relation to the Student as well as enrolment in a course. Non-academic grievances tend to arise from events occurring at a provider or from decisions made by a provider.

Complainants are entitled to access the grievance procedures regardless of the location of the campus at which the grievance has arisen, the Complainant's place of residence or mode of study. Grievance procedures are publicly and readily available on our website and in the Student Handbook and Prospectus.

This policy does not replace or modify policies or any other responsibilities which may arise under other policies or under statute or any other law. Also, the dispute resolution procedures outlined below in this document do not circumscribe an individual's rights to pursue other legal remedies.

If a Student chooses to access this grievance handling procedure, Australian Academy of Beauty Dermal and Laser Pty Ltd will maintain the Student's enrolment while the grievance and appeals process is ongoing.

GRIEVANCE POLICIES AND PROCEDURES

2. Responsibility

The CEO is responsible for implementation of this policy and procedure and ensuring that all staff are fully trained in its operation during staff induction and Students and Complainants are made aware of its availability through student orientation and our website.

3. General principles

These principles, which will be adhered to by the Australian Academy of Beauty Dermal and Laser Pty Ltd, apply to all stages of this grievance procedure:

4. What is a grievance?

A grievance is generally negative feedback about services or people which has not been resolved locally.

GRIEVANCE POLICIES AND PROCEDURES

5. Who does this policy apply to?

This policy applies to and may involve issues concerning the conduct of:

- Australian Academy of Beauty Dermal and Laser Pty Ltd as an organisation, its trainers, assessors or other staff;
- Third party's services provided on the behalf of Australian Academy of Beauty Dermal and Laser Pty Ltd, its trainers, assessors or other staff or visiting industry experts; or

A grievance may be made by an employer about Australian Academy of Beauty Dermal and Laser Pty Ltd or by a Trainer about the conduct of a student. Throughout this policy we refer to the person making a grievance as simply the Complainant.

6. Relationship to Continuous Improvement

Frequently, the grievance handling process will expose weaknesses in the training and assessment or administrative system that can flow into the continuous improvement system as opportunities for improvement.

This outcome of grievances handling is very positive and should be actively applied by all persons involved. It is for this reason that grievances received from stakeholders should be seen in a positive light and as opportunities for improvement.

7. Informal Grievance Procedures

An informal grievance is a matter which has a minor impact on the services provided by the Australian Academy of Beauty Dermal and Laser Pty Ltd, for which the complainant does not feel will require significant action to resolve i.e. the air conditioning is too cold or not working.

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time they occur between the persons involved. It is often the case that grievances can be avoided by proper communication and respect between persons involved.

All Complainants are encouraged to discuss grievances at any time by talking directly with the person concerned and or with the Director of Studies.

GRIEVANCE POLICIES AND PROCEDURES

GRIEVANCE POLICIES AND PROCEDURES

Complaints Handling Process

APPEALS

Appeals Handling

Australian Academy of Beauty Dermal and Laser Pty Ltd is committed to providing a fair and transparent appeals handling process, should the decisions of our RTO adversely impact a learner.

What is an appeal?

An appeal is an application by a learner for reconsideration of an unfavourable decision or finding during their time with Australian Academy of Beauty Dermal and Laser Pty Ltd.

An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be lodged within twenty-eight (28) working days of the decision or finding is informed to the learner.

It is important to note that a learner may appeal any decision made by Australian Academy of Beauty Dermal and Laser Pty Ltd or a third-party providing services on Australian Academy of Beauty Dermal and Laser Pty Ltd behalf. Contrary to the popular belief that appeal relates only to assessment decisions, appeals can relate to administrative decisions that Australian Academy of Beauty Dermal and Laser Pty Ltd may make. Examples of this include an appeal of a decision to deny a refund or to deny an application for credit transfer. As the process for handling and assessment appeal compared with an appeal of an administrative decision is slightly different, this difference has been catered for within this policy with adjusted processes for both situations.

Early resolution of appeals

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time they occur between the persons involved. It can often be the case that a learner's decision to make an appeal can be avoided by proper communication and consultation with learners at the time a decision is made.

Relationship to continuous improvement

Frequently, the appeals handling process will expose weaknesses in the training and assessment or administrative system that can flow into the continuous improvement system as opportunities for improvement. This outcome of appeals handling is very positive and should be actively applied by all persons involved. It is for this reason that appeals received from stakeholders should be seen in a positive light and as opportunities for improvement.

- Appeals must be lodged within **twenty-eight (28) working days** of the decision or finding being informed to the person. An appeal must be submitted using the Australian Academy of Beauty Dermal and Laser Pty Ltd
- A person who submits an appeal must be **provided a written acknowledgement** as soon as possible and **not later than 24 hours** from the time the appeal is received. This acknowledgement is intended to provide the person making an appeal assurance that Australian Academy of Beauty Dermal and Laser Pty Ltd had received the appeal and will review the relevant issues and provide a response. The acknowledgement must inform the person making an appeal that they will receive a written response within 14 days.
- A written record of all appeals is to be kept by Australian Academy of Beauty Dermal and Laser Pty Ltd including all details of lodgement, response and resolution. The appeals register within Google Drive is to be used to record the details of the appeal and to maintain a chronological journal of events during the appeal handling process. Records relating to appeal handling must be stored securely to prevent access to unauthorised personnel.
- An appellant is to be provided an opportunity to formally present his or her case at no cost.
- Each appellant may be accompanied and/or assisted by a support person at any relevant meeting at own expense.
- The Appeals Policy must be publicly available. This means that the appeals
- policy and procedure must be published on the Australian Academy of Beauty Dermal and Laser Pty Ltd website.
- The handling of an appeal is to commence within **seven (7) working days** of the lodgement of the appeal and all reasonable measures are taken to finalise the process as soon as practicable.

APPEALS

Appeals Process

- The appellant is to be provided a written response to the appeal, including details of the reasons for the outcome. A written response must be provided to the appellant within **fourteen (14) working days** of the lodgement of the appeal.
- Appeals must be resolved to a final outcome within **sixty (60) calendar days** of the appeal being initially received. Where Australian Academy of Beauty Dermal and Laser Pty Ltd CEO considers that more than 60 calendar days are required to process and finalise the appeal, the CEO must inform the appellant in writing, including reasons why more than 60 calendar days are required. As a benchmark, Australian Academy of Beauty Dermal and Laser Pty Ltd should attempt to resolve appeals as soon as possible. A timeframe to resolve an appeal within thirty (30) calendar days is considered acceptable and in the best interest of Australian Academy of Beauty Dermal and Laser Pty Ltd and the appellant. An appellant should also be provided with regular updates to inform them of the progress of the appeal handling. Updates should be provided to the appellant at a minimum of **two (2) weekly intervals**.
- Australian Academy of Beauty Dermal and Laser Pty Ltd shall maintain the enrolment of the appellant during the appeal handling process.
- Decisions or outcomes of the appeal handling process that find in the favour of the appellant shall be implemented immediately.
- Appeals are to be handled in the strictest of confidence. No Australian Academy of Beauty Dermal and Laser Pty Ltd representative is to disclose information to any person without the permission of Australian Academy of Beauty Dermal and Laser Pty Ltd Chief Executive Officer. A decision to release information to third parties can only to be made after the appellant has given permission for this release to occur. This permission should be given using the Information Release Form.
- Appeals are to be considered and handled to ensure the principles of natural justice and procedural fairness are applied at every stage of the appeal handling process. This means that the appellant is entitled to be heard with access to all relevant information and with the right of reply. The appellant is entitled to have their appeal heard by a person that is without bias and may not be affected by the decision. Finally, the decision must be made based on logical evidence and the decision-maker must take account of relevant considerations, must act for a proper purpose and must not consider irrelevant considerations.
- Appeals handling procedures should conclude with an analysis of the circumstances to identify any opportunities for improvement.

Third Party Review

Where the appellant is not satisfied with the handling of the matter by Australian Academy of Beauty Dermal and Laser Pty Ltd, they have the opportunity for a body or person that is independent of Australian Academy of Beauty Dermal and Laser Pty Ltd to review his or her appeal following the internal completion of appeals handling process. Before a person seeks a review by an independent person, they are requested to first allow Australian Academy of Beauty Dermal and Laser Pty Ltd to fully consider the nature of the appeal and to fully respond to the person in writing. If after this has occurred, the person is not satisfied with the outcome, they can then seek a review by an independent person.

APPEALS

Appeals Process

To request a review by an independent person, the person making an appeal should inform the Office Manager of their request who will initiate the process with the Chief Executive Officer.

In these circumstances the Australian Academy of Beauty Dermal and Laser Pty Ltd Chief Executive Officer will advise of an appropriate party independent of Australian Academy of Beauty Dermal and Laser Pty Ltd to review the appeal outcome (and its subsequent handling) and provide advice to Australian Academy of Beauty Dermal and Laser Pty Ltd in regard to the recommended outcomes. The independent third-party is required to respond with their recommendations **within fourteen (14) working days** of their review being requested. This advice is to be accepted by Australian Academy of Beauty Dermal and Laser Pty Ltd as final, advised to the appellant in writing and implemented without prejudice.

Where the Australian Academy of Beauty Dermal and Laser Pty Ltd appoints or engages an appropriate independent person to review an appeal, the Australian Academy of Beauty Dermal and Laser Pty Ltd will meet the full cost to facilitate the independent review. Where the person seeking an appeal object to this appointment and requests to engage a person or organisation they nominate to undertake the review, the Australian Academy of Beauty Dermal and Laser Pty Ltd may seek the person seeking an appeal to contribute to the cost of engaging this person to undertake the review. This is advised to the person seeking an appeal within the Student Handbook.

Where an appeal is received by Australian Academy of Beauty Dermal and Laser Pty Ltd and the Chief Executive Officer feels that they may be bias or there is a perception of bias, then the appeal is to be referred directly to an independent third-party for consideration and response as outlined above.

Unresolved Appeals

Where the appellant remains not satisfied with the outcome of the appeals handling procedure, the appellant is to be directed to the following external agencies:

- In relation to consumer protection issues, these may be referred to the **Office of Fair Trading**.
- In relation to the delivery of training and assessment services, these may be referred to the **National Training Complaints Service** via the following phone number: 13 38 73.

This guidance is communicated to learners within the Student Handbook. It is expected that the above agencies will investigate the persons concerns and contact the Australian Academy of Beauty Dermal and Laser Pty Ltd for information.

The Australian Academy of Beauty Dermal and Laser Pty Ltd is to cooperate fully with agencies such as the National Training Complaints Service or ASQA that may investigate the handling of an appeal. Australian Academy of Beauty Dermal and Laser Pty Ltd considers that it would be extremely unlikely that appeals are not able to be resolved quickly within Australian Academy of Beauty Dermal and Laser Pty Ltd internal arrangements.

APPEALS

Appeals Process

Record Management of Appeals Records

Records relating to appeals will present in two formats. There will be electronic records in the form of email correspondence and other documents which are communicated electronically and hard copy records which are submitted by the appellant or generated by Australian Academy of Beauty Dermal and Laser Pty Ltd. There is also a record of the appeal maintained within the Australian Academy of Beauty Dermal and Laser Pty Ltd student management system Wisenet. This includes the details about the appeal and a diary log which records the progress of the appeal handling and closure. Outcomes are discussed at management meetings and recorded in the Continual Improvement Register. This record also records identified opportunities for improvement that result from appeals handling.

All records regardless of their format will be saved in a digital format into a secure folder located on the Australian Academy of Beauty Dermal and Laser Pty Ltd file storage. Each file is to be clearly labelled with the document title or subject and the date of which the document was received or generated. This folder must only be accessible to persons authorised by the Chief Executive Officer. Records stored on Google Drive are to be accessible only to Google Drive administrators and managers.

To ensure records are maintained in a safe and suitable condition, the following is to apply:

- Records must be kept securely to prevent them being accessed by any non-authorised personnel.
- Records must be kept confidential to safeguard information and to protect the privacy of the appellant.
- Records must be kept avoiding damage by fire, flood, termites or any other pests.
- Electronic data storage must be safe from destruction by fire or flood and should take account of the risk of component failure of a single storage device. Electronic data is also to be backed up off site.

Australian Academy of Beauty Dermal and Laser Pty Ltd is to retain records relating to appeals handling for a minimum of five (5) years.

Destruction of Appeals Records

VET STUDENT LOANS

VET Student Loans

What is a VET Student Loan?

VET Student Loans is a scheme provided by the Australian Government to enable eligible full fee-paying students the opportunity to apply for a loan.

Such a loan is to aid in the payment of all or part of a student's tuition fees for an approved VET course of study in which the student is enrolled unless the student cancels their request for a VET Student Loan with the VET provider on or before the census day for the units of study that make up the course.

The loan will remain a student's personal debt obligation until it is repaid to the Commonwealth Government. The loan may, until the debt is repaid, reduce a student's take-home (after-tax) wage or salary and may reduce the student's borrowing capacity. A student may wish to seek independent financial advice before applying for a loan.

The signed Request for Commonwealth Assistance form applies to a loan for the entire VET course of study and is charged on a unit of study basis unless the student pays some of the tuition fees.

The VET Student loan is spread across the course of 4 fee periods. Each fee period has a Census date no less than 20% into the fee period. This scheme is an extension of the HELP scheme (currently applicable to higher education students) and extends to students studying one or more of the following courses:

- Diploma
- Advanced Diploma
- Graduate Certificate
- Graduate Diploma

The Australian Academy of Beauty Dermal and Laser Pty Ltd offers VET Student Loan applications for:

- SHB50121 Diploma of Beauty Therapy
- SHB50216 Diploma of Salon Management

VET STUDENT LOANS

How do I access a VET Student Loan?

After you submit an enrolment application and satisfy the student entry requirements, the Australian Academy of Beauty Dermal and Laser Pty Ltd (the Academy) will advise the Commonwealth Department of Education that you wish to apply for a VET Student Loan.

You will receive an email from the Department with a username and password. You then complete an online *VET Student Loan Electronic Commonwealth Assistance Form (eCAF)*. You must have your USI number and tax file number handy.

The application is completed electronically and will be treated as having been signed if the communication contains:

- Your USI
- Your Tax File Number
- An acknowledgement you have read and understood the application
- A confirmation by you of the accuracy of the information in the application
- If the student is under 18, they must print the application form and have a parent/guardian sign it, then provide this to the Academy
- If the student is under 18 but is independent, proof of independence, e.g. youth allowance receipt, must be provided to the Academy
- By signing and submitting the VET Student Loan form, the student accepts that the Academy will automatically use the VET Student Loan for those VET units of study provided on the invoice notice and subsequent invoice notices in relation to the units that contribute to the course, unless the student advises the Academy in writing that they do not wish to use VET Student Loans as your method of paying your tuition fees for any unit of study.

The Academy will issue an invoice 14 days prior to the census day for each unit of study. You will also receive a VET Student Loan Fee Notice 14 days before course commencement.

The day after the census day, you will incur a VET Student Loan debt for the units of study contained in the invoice notice if you have not withdrawn from the VET unit of study on or prior to the census day indicated on the invoice notice or has paid upfront some or all the amounts due for the VET unit of study.

What is needed to be eligible for VET Student Loans assistance?

To be eligible for VET Student Loans assistance, a student must:

- Satisfy the Academy's entry criteria including academic suitability requirements;
- Have not been offered an inducement to undertake the qualification of study;
- Be a full fee-paying student;
- Be an Australian Citizen or a holder of a Permanent Humanitarian sub-class visa usually resident in Australia;

- Be enrolled in a unit of study that meets the course requirements;
- Provided the Academy with all information and documents including USI number, Proof of citizenship, Academic suitability etc
- Be undertaking the course primarily at a campus in Australia.
- Be enrolled in the unit of study on or before the census day for the unit and remain enrolled at the end of the census day;

- Have completed, a Request for a VET Student Loan Electronic Commonwealth Assistance Form (eCAF). This must be at least 2 days after enrolment in a unit or units of study and before the first scheduled census day.
- You will also be required to advise the Secretary of Department of Education if you wish to continue to use the VET Student Loan scheme throughout the course. This is done by completing a Progression Form every four months. You have 14 days to complete this form.

What is the Census day?

The Census day is the date by which an enrolment can be cancelled without incurring tuition fees for the course or part of the course. The census day of a unit of study is also the last day a student can submit their Request for *VET Student Loan Electronic Commonwealth Assistance Form (eCAF)* to defer their tuition fees through the VET Student Loans scheme. It is a date the VET Provider sets which is no earlier than 20% of the way through the period in which the unit of study is undertaken. Census days will apply to each of the VET units of study in which a person enrolls, with the student taking out a loan for any tuition fees that remain unpaid at the end of each census day.

The Academy's fee periods and census days can be found in the Schedule of VET Tuition Fees relevant to your course and are on the VET Student Loan Page of the website.

VET STUDENT LOANS

A student may cancel their enrolment by withdrawing from each VET unit of study on or before the census day in accordance with the Academy's *Student Withdrawal Procedures and Refund Policy for Approved Courses*.

Withdrawal on or before the census day will result in the student

1. not incurring a VET Student Loan debt and/or
2. receiving a refund for any upfront tuition fee payments made on or before the census day

To withdraw from a course or unit of study, a student must:

1. Complete the withdrawal form available on the Academy website and email to olivia@aabt.com.au.
2. Ensure the Academy confirms receipt of your email. Date of withdrawal is the date your email with the form attached is received.

How does VET Student Loans work?

Following the successful lodgement and assessment of a Request for VET Student Loan form, the Australian Government will pay directly to the VET Provider, some or all of the tuition fees associated with a student's course. This loan is then repaid by the student via the tax system in compulsory and/or voluntary contributions. The loan may affect (by reducing) the persons take home (after tax) wage or salary until the debt is repaid and may affect borrowing capacity of the person until the debt is repaid to the Commonwealth Government.

What is the entitlement under the VET Student Loans scheme?

Over their lifetime, a student will be able to borrow up to the amount of their HELP limit which is indexed annually by the Australian Government. **Repayments do not reset the maximum that can be borrowed.**

The HELP limit for 2026 is \$129,833 for most students.

What does VET Student Loans cover?

VET Student Loans extends **only** to tuition fees. It **does not** cover accommodation and general living expenses. It is important to note that a loan fee of 20% applies to VET Student Loans. This fee is payable to the Australian Government and added to your loan. It is also not included in the HELP limit.

For the SHB50121 Diploma of Beauty Therapy, if the full VET Student Loan amount of \$19,290 is used, then total debt to the Australian Government would be \$23,148. For the SHB50216 Diploma of Salon Management, if a full VET Student Loan of \$12,858 is used, then total debt to the Australian Government would be \$15,429.60.

In addition to the loan fee, your loan is also indexed each year. It increases annually on June 1st to maintain its real value, adjusting in line with changes in the cost of living (as measured by the Consumer price Index figures released in March each year). Debts are not indexed until they are 11 months old. You can find current and past indexation rates on the Australian Taxation office website (<https://www.ato.gov.au>)

Note: the total loan amount cannot be greater than a student's remaining HELP balance.

VET STUDENT LOANS

When do the first repayments start?

A student's first loan repayment starts when their employment income exceeds the minimum threshold permitted for the specific financial year. For the year 2025 - 2026, the VET Student Loans threshold level is \$67,000.

What else do I need to know about VET Student Loans?

- A VET Student Loan can be used to help a student undertake an approved VET course and can be applied to a student's VET tuition fees - provided their total HELP loan limit has not been exceeded.
- Eligibility for VET Student Loans is not affected by previous qualifications or your study results.
- Any debts to the Commonwealth arising from a VET Student Loan remains with the student until they have been repaid by the student, and it is the student's responsibility to ensure they have sufficient HELP balance to cover the VET Student Loan assistance amounts indicated in the invoice notice.
- Throughout the course you may be required to communicate your agreement to the Department of Education Secretary to continue using VET Student Loans to pay your tuition fees for your course. This will be facilitated electronically, and the Academy will advise you when this is required to be done. This is normally in March, June and October each year.
- All policies and procedures relating to VET Student Loans, Withdrawal policies, Census days and the latest VET Student Loan booklet are available on the Academy's website under the heading VET Student Loans on the right-hand side.
- Tuition Fees and payment options are on the website under Courses - fees and charges.
- It is important for an enrolled student to notify the Academy of any change of address, phone number or email address immediately an event occurs by email to the Director olivia@aabt.com.au.
- The Department of Education will contact students to verify enrolment in courses.
- Please Note: VET Student Loans will not be approved for students who do not meet eligibility requirements. A VET Student Loan gives rise to a HELP debt that continues to be a debt to the Commonwealth until it is repaid.
- Variation of tuition fees and variation of census days. Once set, our fees and census dates are current for the 12-month period January to December. In the very unlikely event that there is a variation of tuition fees or variation of census days, Students will be advised immediately by email and variations will be published immediately on this website.

VET STUDENT LOANS

Keeping Track of your VET Student Loan

- Once your enrolment is finalised and prior to the first census day, you will receive a VET Student Loans Statement of Covered Fees which will provide details of the total cost of the course and what will be covered by the loan amount.
- In addition to the Statement of Covered Fees you will receive a VET Student Loan Fee Notice at least 14 days before a census day, which shows the fees that are covered and not covered for that particular fee period. Within 28 days after the census day, you will be emailed a Commonwealth Assistance Notice (CAN) that provides further information about your debt. If you believe your CAN is incorrect, please contact the Academy immediately.
- All policies and procedures relating to VET Student Loans, Withdrawal Policies, Census dates, fees and charges and the VET Student Loans booklet are on our website aabt.com.au under the heading VET Student Loans on the right-hand side.
- It is important for an enrolled student to notify the Academy of any change of address, phone number or email address.

VET STUDENT LOANS

Student Review Procedures for Re-crediting a HELP Balance

2. Re-crediting a HELP Balance due to special circumstances

- 2.1 Under section 68 of Part 6 of the Act, Students who withdraw from a course on or after a published Census Day may apply to have their HELP balance re-credited with respect to that part of the course that the Census Day relates to if they believe special circumstances apply.
- 2.2 The Australian Academy of Beauty Dermal and Laser Pty Ltd will re-credit the Student's HELP balance if it is satisfied that special circumstances apply where:
 - these circumstances were beyond the Student's control; and
 - these circumstances did not make their full impact on the Student until on or after the Census Day for the course or part of the course; and
 - these circumstances were such that it was impracticable for the Student to complete the requirements for the course, or part of the course during the Student's enrolment in the course, or part of the course.
- 2.3 For circumstances to be beyond a Student's control, the situation should be that which a reasonable person would consider is not due to the Student's action or inaction, either direct or indirect, and for which the Student is not responsible. The situation must be unusual, uncommon or abnormal to be considered special circumstances.
- 2.4 Special circumstances do not include:
 - lack of knowledge or understanding of requirements for VET Student Loans; or
 - a Student's incapacity to repay a VET Student Loan (repayments are income contingent and the Student can apply to the Australian Taxation Office for a deferral of a compulsory repayment in certain circumstances).
- 2.5 Each application for re-credit of a Student's HELP balance based on special circumstances will be considered on its merits together with all supporting documentation substantiating the claim.
- 2.6 The Deputy CEO is the designated officer responsible for the assessment of a Student's request for a re-credit of their HELP balance due to special circumstances and for the initial decision regarding the request.
- 2.7 A Student must apply in writing to the Deputy CEO at the Australian Academy of Beauty Dermal and Laser Pty Ltd, olivia@aabt.com.au, within 12 months after the Census Day for the course, or the part of the course. The Australian Academy of Beauty Dermal and Laser Pty Ltd has the discretion to waive this requirement if it is satisfied that it was not possible for the application to be made within the 12-month period. Relevant supporting documentation will be required to substantiate the claim.

VET STUDENT LOANS

- 2.9 The Australian Academy of Beauty Dermal and Laser Pty Ltd will consider each application as soon as practical but no later than 28 days of receipt of the application. If the Australian Academy of Beauty Dermal and Laser Pty Ltd is satisfied that special circumstances prevented, or will prevent, the Student from completing the requirements of the course, or part of the course the Student's HELP balance will be re-credited equal to the amount of the VET Student Loan for the affected parts of the course. Applicants will be notified in writing of the decision within 28 days, including reasons for the decision.
- 2.10 The Secretary of the Department may re-credit a Student's HELP balance in relation to special circumstances if the Australian Academy of Beauty Dermal and Laser Pty Ltd is unable to act or is being wound up or has been dissolved or has failed to act and the Secretary of the Department is satisfied that the failure is unreasonable.

VET STUDENT LOANS

Student Review Procedures for Re-crediting a HELP Balance

3.4 The Review Officer will:

- acknowledge receipt of the application for review of a decision in writing within 10 working days; and

2. Student Selection

2.1 Entry requirements for approved courses

To be eligible for entry into the SHB50121 Diploma of Beauty Therapy and SHB50216 Diploma of Salon Management a potential student must attend an information evening.

This is to ensure a potential student displays a real interest in the course and understands the commitments of the course.

It is also important the Academy believes a potential student is academically suited to the course.

2.2 Academic suitability requirements

To undertake an Approved Course a Student must be academically suited. A potential student is academically suited when:

- The Student has met the Australian Academy of Beauty Dermal and Laser Pty Ltd.'s entry requirements for the Approved Course and
- The Student is assessed as displaying competence at or above Exit Level 3 in the Australian Core Skills Framework (ACSF) in both reading and numeracy using an approved assessment tool, and the Australian Academy of Beauty Dermal and Laser Pty Ltd reasonably believes that the Student displays that competence; or
- The Australian Academy of Beauty Dermal and Laser Pty Ltd obtains a copy of a certificate that a qualification at level 4 or above in the Australian Qualifications Framework has been awarded to the Student, and the course for the qualification was delivered in English.

- If Student is required to be assessed using the LLN tool, they will be emailed the procedure prior to enrolment confirmation. This will also include the name of a support person for any clarification needed.
- The student will be required to attend the college on a certain nominated day of the week to undertake this testing under the supervision of a Qualified Trainer and Assessor.
- If for some reason this is not possible, the test will be conducted via Google Meets under the supervision of a Trainer and Assessor.
- Students are allowed several practice tests (according to individual needs) to familiarise themselves with the test and type of questions
- Only one attempt is allowed at the official VSL approved test.

VET STUDENT LOANS

Student Admission Procedures for Approved Courses

- If after discussing with prospective student an inadvertent mistake has been made and the prospective student can correctly answer the question verbally, a second attempt may be allowed.
- Students may have to wait 3 months before attempting again
- A log is kept of the time of the Google Supervised Meeting including the time the assessment was submitted.

This test is to be conducted with honesty and integrity and students have to make a declaration they have conducted the test themselves. Results of the testing will be emailed to potential student as soon as practicable after the assessment.

The Secretary of the Department defined above, may obtain these results upon request. These results are retained for at least 7 years in the Australian Academy of Beauty Dermal and Laser's Wisenet management system.

The test has two parts:

Reading task

- Reading tasks are based on a broad range of texts designed or chosen for their authenticity and relevance to the lives of adult students.
- Reading questions are presented to students in a simulated online reading environment. A split screen is used to allow a dedicated area for each text, with questions located in a separate screen opposite.

Numeracy

The numeracy assessment provides diagnostic feedback on the learner's performance in the focus areas of:

- Problem solving
- Number and algebra
- Measurement and geometry
- Statistics and probability

2.3 Digital Literacy Assessment

All learners are assessed prior to course commencement, on their digital skills which are aligned to the Australian Core Skills Framework (ACSF).

We use Learning Resources Group Digital Robot, to assess digital literacy.

Internal support will be provided to learners if applicable and where required, referral to external support services, will be made to enable the learner to complete the course successfully.

- **Assess the Risk:** Evaluate the potential risk associated with the hazard. Consider the likelihood of an accident occurring and the possible severity of its consequences.
- **Control the Area:** If possible, isolate the hazard to prevent further risk. This could involve cordoning off the area, shutting down equipment, or evacuating the area if necessary.

- **Review and Follow Up:** After the immediate hazard has been addressed, conduct a review of the incident. This should include an analysis of how the hazard occurred, what was done to respond to it, and what can be done to prevent it in the future. This review should be led by management.
- **Implement Corrective Actions:** Based on the review, take steps to prevent the hazard from recurring. This could involve changes to procedures, additional training for staff, students, or modifications to equipment or the environment.
- **Monitor the Situation:** Keep an eye on the area or situation to ensure that the hazard has been effectively mitigated and that no new risks have emerged.
- **Continual Improvement:** Use the experience as a learning opportunity for continual improvement in workplace safety practices. Record any identified opportunities for improvement in a continuous improvement report and refer this through to the management meeting.

Remember, safety in the workplace is not just a policy or a set of procedures; it's a mindset that belongs to each one of us. When we step into our work or training environment, we become guardians of each other's well-being. Every caution we take, every hazard we report, and every safety guideline we follow is a testament to our commitment to each other's safety and health. Unique Student Identifier

If you're studying nationally recognised training in Australia from 1 January 2015, you will be required to have a Unique Student Identifier (USI). Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards. Your results from 2015 will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide students with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet or smart phone anytime. Fact sheets -available to download [Student Information for the USI](#).

It's free and easy to [create your own USI](#) and will only take a few minutes of your time. Alternatively, we can create your USI on your behalf. To do this we will need some additional identification information from you such as your driver's licence number.

Students are advised that there are a number of unique circumstances where a person may be exempt from requiring a USI.

These do not apply to the vast majority of students in Australia.

The USI Exemption Table is available from the USI website which explains these circumstances [Click Here](#). Students who exercise an exemption from submitting a USI should be aware that the results of the training will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the USI Registrar. Further details about the implications of being exempt can be obtained from the USI website: [Click Here](#).

We are happy to personally help any student obtain a USI number if required.

Please ask our Enrolment Director for any help if necessary.
