

# ACADEMIC SUITABILITY

To undertake an Approved Course a Student must be academically suited.

A Student is academically suited when:

- The Student has met the Australian Academy of Beauty Dermal and Laser's entry requirements for the Approved Course and
- The Australian Academy of Beauty Dermal and Laser believes on reasonable grounds that the Student is academically suited to undertake the Approved Course; and

The Student satisfies one of the following requirements:

- The Australian Academy of Beauty Dermal and Laser obtains a copy of a Senior Secondary Certificate of Education that has been awarded to the Student by an agency or authority of a State or Territory for the student's completion of Year 12; or
- The Student is assessed as displaying competence at or above Exit Level 3 in the Australian Core Skills Framework (ACSF) in both reading and numeracy using an approved assessment tool, and the Australian Academy of Beauty Dermal and Laser reasonably believes that the Student displays that competence; or
- The Australian Academy of Beauty Dermal and Laser obtains a copy of a certificate that a qualification at level 4 or above in the Australian Qualifications Framework has been awarded to the Student, and the course for the qualification was delivered in English.
- If a Student does not have a Senior Secondary Certificate of Education or certificate of a qualification at level 4 or above (delivered in English) then the Australian Academy of Beauty Dermal and Laser will assess the Student's competence at or above Exit Level 3 in the ACSF reading and numeracy using the Learning Resources Group LLN Robot.
- If a student is required to be assessed using the LLN tool, they will be emailed the procedure prior to enrolment confirmation. This will also include the name of a support person for any clarification needed.
- Prospective student will be required to attend the college on a certain nominated day of the week to undertake this testing under the supervision of a Qualified Trainer and Assessor.
- If for some reason this is not possible, the test will be conducted via Google Meets under the supervision of a Trainer and Assessor.
- A log is kept of the time of the Google Supervised Meeting including the time the assessment was submitted.

This test is to be conducted with honesty and integrity and students have to make a declaration they have conducted the test themselves. Results of the testing will be emailed to prospective student as soon as practicable after the assessment

The Secretary of the Department of Education may obtain these results upon request. These results are retained for at least 5 years in our Wisenet management system. The test has two parts:

#### Reading task

- Reading tasks are based on a broad range of texts designed or chosen for their authenticity and relevance to the lives of adult students.
- Reading questions are presented to students in a simulated online reading environment. A split screen is used to allow a dedicated area for each text, with questions located in a separate screen opposite.

#### Numeracy

The numeracy assessment provides diagnostic feedback on the learner's performance in the focus areas of:

- Problem solving
- Number and algebra
- Measurement and geometry
- Statistics and probability

#### Additional testing for all students.

To provide additional assurance the prospective student has the Language Literacy and Numeracy skills specific to Beauty Therapy, all students irrespective of past qualifications, sit an Academy Beauty Therapy specific LLN and problem solving test on their first day of class under the supervision of their Trainer. Results of this test are kept with other assessment results.
